## Disclosure of Relevant Financial Relationships

For\*

**Information You Need to Know to Disclose Your Financial Relationships with Companies Related to Healthcare Products or Services**

**Why We Ask:**

As an accredited provider, we require your assistance to comply with accreditation guidelines and help us create high-quality Accredited Continuing Education (ACE) that is independent of industry influence. To participate in this educational activity, all individuals who have the ability to influence and/or control the content of this ACE activity must disclose all financial relationships with all companies - whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients - over the past 24 months. **To confirm your participation in this ACE activity, we ask that you complete and return this form within seven days of the receipt of this document.**

**What to Disclose:**

- There is no minimum financial threshold; you must disclose all financial relationships, regardless of the amount, with companies as described above; only disclose your own financial relationships, **not** those of your spouse or life partner.
- We ask you to disclose all financial relationships regardless of whether or not you view the relationships as relevant to the ACE activity. Staff will determine if the information that you provide is relevant to the topics of the ACE activity in which you will participate.
- Since healthcare professionals serve as the trusted authorities when advising patients, they must protect the learning environment from industry influence to ensure they remain true to their ethical commitments.
- If the staff determine that the financial relationships create a conflict of interest, the staff will determine the appropriate method of mitigation. Mitigation may involve but is not limited to an independent review of the content you develop (or if you are a planner, other methods will be utilized, including peer review of content by non-conflicted planners, etc.).
- Many healthcare professionals have financial relationships with companies as defined above. By identifying and mitigating relevant financial relationships, we will work together to create a protected space to learn, teach, and engage in scientific discourse free from the influence from organizations that may have an incentive to insert commercial bias into education.

## Disclosure Form Required by The Standards for Integrity and Independence

***This section to be completed by the Planner, Faculty, Author, Content Reviewer or Others Who May Control Educational Content:***

Please disclose all financial relationships that you have had in the past 24 months with ineligible companies (see definition below). For each financial relationship, enter the name of the ineligible company and the nature of the financial relationship(s). There is no minimum financial threshold. We ask that you disclose all financial relationships, regardless of the amount, with ineligible companies.

A company is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Types of organizations for which you must disclose your financial relationships are as follows: (1) biomedical startups that have begun a governmental regulatory approval process; (2) compounding pharmacies that manufacture proprietary compounds; (3) device manufacturers or distributors; (4) diagnostic labs that sell proprietary products; (5) growers, distributors, manufacturers or sellers of medical foods and dietary supplements; (6) manufacturers of health-related wearable products; (7) pharmaceutical companies or distributors; pharmacy benefit managers; and (8) reagent manufacturers or sellers.

Please complete the information below. Required fields are indicated with an asterisk (\*) and must be completed.

**Within the past 24 months, have you received financial support (in any amount) from an ineligible company (including employment, consulting, research grant support, honoraria, etc.)?\***

Yes. In the past 24 months, I have an existing and/or have had a financial relationship with an ineligible company (list these relationships below).

No. In the past 24 months, I have not had a financial relationship with an ineligible company (leave below fields blank).
